

Cable Natural History Museum

2010 Business Membership Program

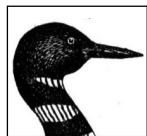

Dear Business Owner,

Each year, the **Cable Natural History Museum** reaches nearly 25,000 people in its mission to promote awareness and appreciation of nature, natural history education and interpretation, and environmental stewardship. Your business membership will help support this work.

In addition, **CNHM Business Memberships** support the *Northwoods Natural History* page that appears six times each year in both the *Bayfield County Journal* (circulation 1,400) and the *Sawyer County Record* (circulation 6,500). A sample copy of one of these pages is included with this letter. This popular news page includes features about regional natural history, and advertisements for our supporting business members. To ensure advertising space, please make your commitment by January 31, 2010.

Your support, at any level, is instrumental in our success. We hope you will consider joining or renewing your annual Business Membership at one of the levels outlined below. Please contact us at (715) 798-3890 with any questions. Thank you!
